SPOKEN WHEELS

THE PRESIDENT'S MESSAGE

Bea and I wish all of you a very happy holiday season; Christmas, Hanukkah, Kwanzaa and/or whatever you celebrate and a very healthy and Happy New Year. We had a wonderful club Holiday Party with plenty of great food, friendship and entertainment. Santa made his annual appearance and gave gifts to all the good boys and girls.. Thanks to all the "helpers" who showed up to help set up and clean up for the party. We had a fantastic outpouring of donations to the Foothill Unity Center of nonperishable food items by our membership. I think it was the largest collection that I can remember, thanks to all our donors.

I am reminding you all to bring your saleable items for our annual auction at our January meeting. Bob Travis has agreed to be our auctioneer again... so you know there will be a lot of humor and fun that night. This is our BIG fun and fund raiser for the year and it supports many of the activities we have during the year (i.e. Holiday party, Mom & Pop's Night Out, our annual Hot Dog Night and Pancake Breakfast).

Continued on page 9

GENERAL MEETING - No meeting in December, but get ready for the January Meeting and Club Auction.

BOARD MEETING - Wednesday, January 9 at 7:00 PM - Temple City Hall. Come join us and participate in the exciting discussions.

OFFICERS

President:
Mickey Fruchter 626-797-2048

FICTION & FACT

January Auction requires your Action

Ponder This

by Joe Wilson

Who are we?

I received an email from Randy Harper recently which reported the changes in our membership numbers during the past year. This caused me to reflect on our club as an organization, its membership, it's activities, and at the risk of being too philosophical, I asked myself the question, "As a club, who are we and what is our purpose in life?"

This year we added six new "family units", a total of 11 new members, bringing our total membership to 208. Some say this is too many, others want to encourage growth.

A year or so ago we made a survey of our total membership, asking a variety of questions with the intent of determining "how are we doing" and to find out what changes should be made to improve the club. We asked "What do you expect from your membership in the Santa Anita A's?" In response, members, in various ways, referenced the social aspects, the technical support and the touring/activities provided by the Club. The words "Camaraderie" and "Friendship" were used frequently.

Most reported that, as a club, we were doing a pretty good job, but did make suggestions for improvement. I would submit, that that our ability to be a "successful" club, does not just happen, it requires the active participation of its members. Members participate in various ways, from serving as board members, officers and committee chairs to those who's relationship with the club is only through the Monthly News Letter. The reality is we need help, we need more "givers".

In the next few months, we will be asking our members to participate in providing all those "services" that they expect from our club. So, are you a "giver" or a "taker"?

Membership Report

Individual Members		Family units	
December 2011 -	197	December 2011 -	112
Lost during 2012 -	12	December 2012 -	118
Gained during 2012 -	23		
Net gain for 2012 -	11		
December 2012 -	208		

Think About It

"Our Constitution only gives people the right to pursue happiness. You have to catch it yourself" - Benjamin Franklin

There's more to this auction than just showing up; you have to participate by bringing some "treasure", be it Model A parts, a piece of "Art", or an edible speciality. This is our annual fund raiser and comedy show.

We all know you cleaned out your garage for the last auction, but somehow, more has appeared. Now's the time to start spring cleaning.

But, remember, no junk; the bidders will be your good friends, and we want to keep it that way. And, if it doesn't sell- You get to take it home again.

New Member Spotlight

by Randy Harper

Jim and Jamie Frick

Jim went to school at west Covina high. He received an AA at mount SAC and then earned a BA degree at Cal Poly Pomona in Political Science. He then received a Jurist Doctorate at the University of Laverne. Jim met his wife at Cal Poly Pomona in the Poly Science. Department. Jim got his interest in Model A's from a distant relative who lived on a large property in San Dimas and had a Model A in his barn. One of his neighbors had a Model A Coupe and would give rides in the rumble seat to kids in the neighborhood.

Now, living in Monrovia and seeing the old cars on the Mother's Day Old Home Tour, Jim decided to get into the hobby. He owns a right hand drive Phaeton and a Pick-up that's in the process of being restored.

Jim and Jamie - Welcome to the club.

Due notice that MAFCA DUES ARE DUE

All MAFCA members are reminded that their dues should be paid prior to the end of the year. You should have received a "Membership Renewal" form in the mail when you received your MAFCA Board of Directors Election Ballot. Members can renew by sending a check to MAFCA or by using a credit card at the "MAFCA STORE".

A Thank You Note:

A great big heartfelt "Thank You" to the Model A Club Low-End Boys from Jerry and Patty Lampassi, for your expertise in getting our 1930 Model A Ford running. If it were not for your persistence and our patience, we would have given up. Thanks to each of you our "Bella Rosa" is reborn and we have the pleasure of driving it again without worry of it overheating. — Jerry and Patty Lampassi

Cookie Bringers Of The Month Club

No meeting - No cookies.- Maybe next month

COMING EVENTS

Kellogg Gallery - JoAnn Formia Artwork Tour

Sunday, January 6

by Bob Moore

One of the most recognized painters from the San Gabriel Valley is our own Jo Ann Formia. On Sunday, January 6, a selection of her paintings and those of others will go on display at the Kellogg Gallery on the campus of Cal Poly University, Pomona. If you haven't seen her work, the tour is a must. What a great way to show our support for her. A reception is scheduled from 1:00 to 4:00 PM.

A surface street Model A tour to the Cal Poly campus will leave from the Perry's house. Meet there for a 12:00 noon departure. It is a short, 17 drive and we expect to arrive about 1:00 PM. We will park in Lot C (costs \$3.00) which is a short walk from the Gallery.

No group lunch is planned, but there may be munchies and drinks as part of the reception. We will be at the gallery for 1 to 1 ½ hours. If there is interest, we will stop at the Cal Poly Farm Store on the way home.

There will be no signup sheet for this tour. If you plan on attending, just show up at Marlin's for the noon departure. If it is raining, I suggest that we meet at the Kellogg Gallery at 1:00 PM. If you are not sure whether or not it is raining, call Bob Moore at 626-358-2027.

Pasadena Museum Train Tour

Wednesday, January 9

by Mickey Fruchter

There is a Santa Anita A's tour scheduled on January 9th.

Part one: We will drive to the Los Angeles Railroad Heritage Foundation (LARHF) office in Alhambra. They will provide refreshments for us. They have a display and a presentation about the early history of the rail system in the Los Angeles/San Gabriel Valley area.

Part two: We will have lunch on the way to our next stop.

Part three: The next stop is Pasadena Museum of History for an exhibit about the 'Red Car' lines in the San Gabriel Valley. Wednesday is free for residents of the Pasadena area. Be sure to bring I.D. on this tour as they may request verification of your residence.

We need a 'head count' for the LARHF (refreshments) and the restaurant. If you cannot attend the meeting and would like to join us, call Mickey at (626) 797-2048 to be placed on the sign-up list.

We will leave the Ralph's Market parking lot on Huntington Drive at Michillinda Ave. at 9:30 AM.

Cable Airport Airplane & Car Show Tour

Sunday, January 13

by John Emanuelli

Want to see old cars, old planes and old people in action? This is the 38 anniversary of this event. It is a two day show; we will participate on Sunday the 13th.

Pay attention now; the show arrangements have been changed this year.

- The entrance fee is \$10 per car if you pre-register or \$15 at the gate.
- Show is limited to cars 1970 & earlier and will be limited to 175 total cars each day.
- Cars must be in place by 10:00 AM.
- Cars may not exit the show between 10 AM to 12 PM, and between 12:30 PM to 3:30 PM.

We will meet at and depart from the Citi Bank parking lot on the corner of 1st Ave. and Alta in Arcadia at 8:10 AM for a non-freeway drive to the

Turlock Swap Meet

Saturday, January 26 & Sunday January 27

The Modesto Area A's 47th Annual SWAP MEET will be at the Stanislaus County Fairgrounds in Turlock, California, on January 26th and 27th, MODEL A FORD, Antique, Classic Cars, and Automotive Vintage items only. All display spaces pre-registered. CARS FOR SALE: \$40.00 for cars 20 years or older, \$60.00 for cars 19 years or newer, (no parts or trailers). Must be driven to space. Pre 1969 models preferred. Admission \$10.00 for buyers on Saturday and \$5.00 on Sunday. www.TurlockSwapMeet.com

Mom & Pop's Night Out

Sunday, March 17

by Mickey Fruchter

Members of the Santa Anita A's Model A Club are going to celebrate "Mom & Pop's Night Out" with a matinee performance of "The Sound of Music". The cost of the performance and lunch is \$49.00 per member, which includes meal, show, sales tax, a house dessert, coffee or tea, and gratuity. Non-members may attend this event also, but will have to pay the actual cost of \$59.00.

Rogers and Hammerstein's "The Sound of Music" is based on memoirs of Maria von Trapp and the story of the von Trapp Family Singers. Many songs from the musical have become standards.

We have a limited amount of tables reserved so please make out a separate check to Carol Emanuelli as soon as possible to make sure that you don't miss out on this event.

PAST EVENTS

Christmas Party & Lights Tour

Saturday, December 15

by Joe Wilson

Breaking with tradition, the Traditional Christmas Party and the Traditional Lights Tour were held on the same night. Because of this change, things worked out quite well; it didn't rain, fewer people got lost and the tour group participants were better dressed.

We counted 72 participants for dinner, including guests and children, but not counting those adults acting like children, the kitchen staff, the two performers, Santa Claus, Santa's elves, the reindeer and a partridge in a pear tree.

Santa did show up, but again this year he didn't get to talk to Mickey; perhaps they don't get along well with each other.

Tom Forbes made arrangements for the entertainment which was provided by Kenton Chen, singer, and Nick Patrilla, pianist.

The pre-dinner driving tour was led by Bob Travis. He took us to "Christmas Tree Lane" in Altadena and then to the Hastings Ranch area for more "Lights Viewing", Amazingly we all ended-up at the Church on time.

Participating in the tour were three Model A's, and 4 modern cars carrying:

- Bob & Joyce Travis,
- Jack & Barbara Dawson,
- Joe & Joy Wilson,
- Bad & Vicky Balmot,
- Vicky Bartlett,
- David & Patty Lutz and
- Don & Carolyn McBride.

MORE PAST EVENTS

Kim Rhode shares her Olympic experience at November SAA meeting.

Kim Rhode provided our Santa Anita A's club members an interesting look at her life-long experience in the sport of shooting, including her participation in the last five Olympic events.

Kim brought all five of her medals to the meeting and shared stories about each one. She also brought "Information" cards which she personally signed for our members.

Kim has a love of cars and has a nice collection, including several Model As. Kim joined our club earlier this year; her parents, Richard and Shawn, joined this month. They have a 1928 Model A Roadster. John McDannel presented Kim with a "Congratulations" card from the Santa Anita A's, signed by our members in recognition of her Olympic achievements.

Kim Rhode

In sport, there is no such thing as a sure thing, but Kim Rhode is about as close as one can get. Kim has won an Olympic medal in each of the last five Olympic Games, including winning her third Olympic Gold Medal in London at the 2012 Games by hitting an astounding 99 out of 100 (moving) targets.

Kim's Olympic career began by winning gold in 1996 at just 17 years old and in London she became the first American in history in any individual sport to win medals in five consecutive Olympics Games. and she has no intention of stopping there. Kim expects to compete *for another four or five Olympics.*"

Kim is a fourteen-time National Champion and has been World Champion, World Cup Champion, PanAm Games Champion and CAT Champion. She has collected thirteen individual World Cup gold medals. In the world of competitive shooting, she has won it all, most more than once. With virtually no room for error in her sport Kim has mastered the art of performing her best when it matters most. From Southern California, Kim began shooting at just 10 years old and even lettered in the sport all four years of high school...which culminated with her first Olympic gold medal. She has been a spokesperson for both the Outdoor Channel and The U.S. Fish & Wildlife Service. When she's not taking aim at targets she enjoys restoring classic vehicles and collecting first edition children's books, her favorite being Raggedy Ann and The Wizard of OZ.

Kim was the first US athlete in any sport to qualify for the 2012 Olympic Games and not surprisingly, the USOC has labeled Kim as one of their "Top 12 Athletes to Watch in 2012". Kim is currently preparing to return to the Olympics in 2016

OTHER STUFF

Jack & Barbara Dawson make Donation to Cal Poly State University

Dick Canzoneri reported that fellow Cal Poly Engineering graduate, Jack Dawson, was featured in the recent Cal Poly Engineering Alumni newsletter.

Jack and Barbara Dawson made a \$250,000 donation to the University's Engineering Dept. The funds will be used to found an endowment to support the expenses associated with operation of the recently established HVAC&R (Heating-Ventilating-Air Conditioning) laboratory in the Engineering department.

Jack is a 1953 graduate of Cal Poly; Dick Canzoneri is a 1954 graduate.

MAFFI Car delivered to MAFFI Museum

The "MAFFI CAR", a restoration project organized by Marlin Perry, has arrived at its resting place in the MAFFI Model A museum in Hickory Corners, Michigan.

Restoration of the 1929 Town Sedan involved a number of the Santa Anita A's members and took five years to complete.

The MAFFI (Model A Ford Foundation Inc.) Museum is located, on the Gilmore museum property, along with a number of other "Speciality Car" museums.

The Grand Opening of the museum will take place on Saturday, May 18, 2013. Marlin will be there to participate in the ceremonies.

Volunteers with the "MAFFI Car" upon completion.

"The MAFFI Car" in place at the Gilmore Museum.

The Gilmore museum in Hickory Corners, Michigan

Model Parts store relocates to better service Santa Anita A club members

We have received a notice that the "Vintage Ford & Street Rod Parts" store has moved from Anaheim to Duarte. Their new location is at 1536 Highland Ave, Duarte, CA 91010. Phone 626-256-3607, Fax 626-256-3647. They are open from 9:00 AM to 5:00 PM Monday - Friday 9:00 AM to 3:30 PM on Saturday.

Their web has an on-line catalog for for placing orders. Check it out (www.vintageford-streetrod.com).

They are offering NOS and used parts in addition to their inventory of new parts.

Take the Buena Vista off ramp on the 210 Freeway. If you have trouble finding the location, contact Bob Moore, he will walk you there from his home.

Model A Touring Club planning a Lincoln Highway Tour

by Keith Smith

The Model A Touring Club (MATC) invites members of the Santa Anita A's to join with them in June 2013 for a tour from San Francisco to New York City in celebration the 100th anniversary of the Lincoln Highway. You can learn more about the tour by going to the website - www.modelatouring.com, or by calling Alan Bennett at 818-222-4432.

Coming Soon - A list of Model A Parts & Service Sources

Bob Travis and Randy Harper have researched and documented a list of sources for Model A parts and services. The list includes both local and national companies. Many long-time Model Aer's are familiar with the major "Catalog Stores", but may not be aware of some of the organizations that provide speciality products and services, such as performance parts and machine shops specializing in Model As.

The listing is now in its final stage of preparation and will be released sometime early next year. When released, the listing will be made available on our Web Site.

Men's Breakfast Tour Add-on

Following the January 17th Men's Breakfast we have been invited to tour the facilities of "Leader Emergency Vehicles", a company that manufactures ambulances and other types of emergency vehicles. Their facilities are located in El Monte, a short drive from Annia's restaurant. This should be an interesting visit, even if you aren't planning on using one of their vehicles

FROM THE SHOP BENCH

by Bob Travis

More on fire extinguishers

by Bob Travis

The article on fire extinguishers in last month's issue brought a response from SAA member, Mike Kniest, a retired LA County Fire Department specialist, on the use of fire retardants. He pointed out that the article was misleading and has prepared an article which better explains fires and the appropriate fire extinguisher for use in automobile fires. I thank Mike for preparing this informative article.

Are you prepared for "A" car fire?

By Michael Kniest

Common Sense Approach

All fires are usually extinguished if detected in the incipient stage with the use of a proper extinguisher and application method.

RISK verses GAIN

Your safety must always be paramount when approaching the task of extinguishing **ANY FIRE**. Understanding the fire hazard is only the first step. There comes a time when waiting for the properly trained and equipped first responder fire fighter is the only **SAFE** option.

If your present solution to a vehicle fire is to just carry any fire extinguisher in your car until it's needed without any second thought, your good intentions and efforts are placing your **personal safety at serious risk**.

Ask yourself:

- Do I have an extinguisher?
- Do I know where it is?
- Is it the proper type and size?
- Is it maintained and up to date?
- Do I know how to safely and properly use it?
- Do I understand all the other surrounding hazards?

The Fire Hazard and Extinguisher Types.

Every car fire consists of at least one or more of the following type of fires:

- Ordinary combustibles - use Class A extinguisher
- Flammable Liquids - use Class B extinguisher
- Electrical - use Class C extinguisher
- Combustible Metals - use Class D extinguisher

Your Extinguisher Choice by Type, Rating and Size

You must choose your extinguisher by its type, rating and size, whether it is: Water, CO₂, Dry Chemical, Halon or Foam. The main visual distinction among extinguishers is size. In most cases bigger is better (1-A vs. 4-A), but sometimes the biggest extinguishers are too heavy or bulky to maneuver and store.

Most of the above choices are available in a rechargeable or disposable extinguisher. A rechargeable one will cost more, but refilling it once the pressure gauge shows that its use or time has depleted the contents, is still in the long run, less expensive than buying a new disposable one.

Once a choice is made as to the extinguisher by its rating, then you must choose a size. Often the car extinguisher is purchased to fit into a limited storage area. Your choice should be of a proper size to accomplish the task and still have some agent left in reserve in case of a rekindle. Do not permit the unit cost to be the deciding factor, type and size, matched to your working knowledge is the key. All extinguishers have not only operational limits but require timely inspections and maintenance to insure optimal performance.

Training and Skills

Many local fire departments offer extinguisher training to groups like seniors. You may get some limited training over the Internet, through video or written lecture courses. But, you can't beat supervised hands-on training. Extinguisher training is not a one-time event; for your safety ongoing or annual refresher courses provide you with up to date information and skills.

Additional Safety Awareness and Considerations:

- Read and follow all cautions and instructions on the extinguisher.
- Understand and do not exceed either your, or the extinguisher limitations.
- Dry chemical extinguishers carried in vehicles require timely (once a month) shaking.
- Install a battery master shut off switch, which assures all electrical current is off.
- Make sure that the fuel line shutoff valves are properly functioning.
- Make sure the gasoline nozzle is bonded with the filler neck while refueling.
- You must understand static electricity when fueling or transferring fuel.
- NEVER fuel in a confined area, a well vented area is a must.
- Adhere to all warning signs "STOP YOUR MOTOR", NO SMOKING, NO CELL PHONE".
- Get extinguisher training and keep skills up to date.
- Environmentally blended fuels make extinguishment more complex.

Bottom Line

For the average car fire you need a versatile and effective extinguisher and most ABC class extinguishers will meet those needs. Due to the many variables involved, I can not recommend a specific fire extinguisher for your use, but do suggest that you purchase a versatile ABC type as big as you can store, maintain, carry and safely use.

MARLIN'S MUSINGS

By Marlin Perry

Behind the scenes:

This year found us with many helpers setting up the church for the Christmas Party; it was great. We took more time eating donuts and coffee than setting up. The church had the water heater on pilot - no hot water. That made it bad for the caterer and his chaffing pans. The church Gardner filled the trash containers full of leaves, making it difficult to fit in our seven bags of trash. Cleaning up after the party went fast thanks to club members who helped. Now you know whats happening behind the scenes.

Marlin has an Affair with Vicky

This true story is not what you think it is. It all started with Gene and Marlin going out to Covina to work on Helen Cortez's Model A. They got the car running and Marlin sat in it and drove it out of the garage. The look in Marlin's eyes told a story of love at first sight. The body was oh so sweet. It took another trip to finish up the work on the car. At this time Marlin knew Helen wanted to sell the car. Marlin made an offer and Helen said yes. This was it, Marlin was happy and his affair was with Vicky, the Model A Vicky, that is, not what you thought - naughty naughty.

This story gets better, Marlin didn't tell Elaine he bought the car. Two weeks later Marlin and Gene are bringing the car home while Elaine is at breakfast with the club ladies. Things are going great until they run out of gas; the car clogs up and won't run. Now what? Auto Club comes by and tows the car two miles home. Gene and Marlin cover the car up and three days later Marlin tells Elaine what he bought. You can imagine some things she said; after all this makes number 14 Model A's he has. True story.

SEMINAR NEWS

This month found Mickey working with Tom Forbes on Toms lights. They are all working good thanks to Mickey. Mickey is getting known as our electrical man on the low End Boys.

This month found Bob Travis taking a loaned engine out of AC Byrd's Sedan. Bob now has AC's rebuilt engine back from Chuck Sharpe ready to go in. Bob is full up with cars and work.

Low End Boys: Dick Homet, John Emanuelli, Mickey Fruchter, Louie Formia, Gene Reinhardt, Ted Bruns, Marlin Perry, Brad Balmot, and Mel Gross

President's message continued:

So, bring your un-needed items (Please NO JUNK) and money to spend on other members' stuff that they don't want, but you do.

Mom & Pop's Night Out is going be on March 17, 2013, so save the date. It is a production of "The Sound of Music". See inside for more information.

My thanks the Board, Officers, Members and Volunteers for all the diligent and hard work they do for our club, and I hope that you tell them how much you appreciate the work that they do, too. Thanks to all of our members for helping to make our Club so great.

Sincerely,
Mickey

**NEXT GENERAL MEETING - January 25
No Meeting in December
ARCADIA RED CROSS HEADQUARTERS**

Important Things to Do and Remember:

- 1. Don't come to the December meeting, there isn't one**
- 2. Save all those Christmas presents you don't like and bring them to the January Club Auction.**
- 3. Be sure to signup and showup for all the events the club offers.**
- 4 Find one of the new members and tell them that you are glad they want to participate.**
