# SPOKEN WHEELS

## THE PRESIDENT'S MESSAGE

This is my first message of our new Santa Anita A's year. I am looking forward to working with our new Board members. We have a wonderful group of volunteers who are eager to help keep our club going strong. We are still in need of a Tours Director and a Refreshment Hostess...so if you want tours and want refreshments at our meetings, please volunteer to help.

I apologize for not wishing a Happy Mothers' Day to our ladies. I wrote the April President's Message in the middle of April and I was not thinking very far in advance. While on the subject, I wish all the fathers a Happy Fathers' Day. I hope that you will reflect on Veteran's Day coming near the end of the May and give it some deep thought about why that day is celebrated, besides just for hot dogs and fun.

I am counting on the Board to cover me while Bea and I are attending the MAFCA National Meet in Marquette, MI. in June. We will be attempting to drive Pandora (our 1931 Model A) round trip.

## FICTION & FACT

### Ponder This

by Joe Wilson

#### The Santa Anita A's have a problem

When we first became members several years ago we were surprised that there were so many Club activities to participate in every month. Since then, the situation has only become worse.

Members who try to participate in every club event offered are now watching less TV and spend less time tending to their yard and vegetable garden. Instead of doing chores they are now socializing with good friends, visiting new and exciting places and preparing their cars for the next show or tour. That's more fun. Because of all the activities the Spoken Wheels editor has problems finding room in the newsletter to report on all of the upcoming and past club events.

Too many activities causes a real problem, but, I do have a solution. It is necessary that those members who are now missing out on all of this fun begin participating in some of the many club events offered. This will take the pressure off those with already full schedules and make it more fun for everyone.

Who knows, you might find some new friends

#### Annual Membership Roster- Members are withholding important information

Although most of you have responded, some members are still withholding the requested Roster update information. We are not sure why; perhaps they don't know the answers and are contacting relatives to obtain the information.

Whatever. We need your prompt response so we may proceed with the publication of the Roster. Those not responding will have to be satisfied with the information we now have on hand, which very likely is incorrect. If you need help in understanding all of this, simply give Joe Wilson a call at 818-790-0995.

The new Rosters will be distributed at the June 29<sup>th</sup> meeting. You will need to remember your name to identify your copy. Be there and save the postage cost.

#### Think About It

Never tell your problems to anyone - - -  
20% of them don't care and the other 80%  
are glad you have them .

## SAA's Donations Acknowledged

### Sierra Madre Search & Rescue Team

At our March meeting Chuck Stoughton presented an excellent program on the Sierra Madre Search and Rescue Team. We received a thank you note from them thanking us for the \$100 donation the club made to the organization.

### San Gabriel Humane Society

A thank you note was received from the San Gabriel Humane Society for our \$100 donation we made in the name of Dawn Sais who passed away recently. Dawn and her husband Andy were long time members of our club

## Model A Ford Foundation Update

An update on the status of the Model A Ford museum project was received recently from MAFFI headquarters. A formal ground breaking ceremony was scheduled for April 27 with members of MAFFI, MAFCA and MARC participating in the joint effort to build a home for "Henry's Lady".

The 11,000 square foot building is being built adjacent to the Gilmore Car Museum in Michigan. Construction of the building is expected to be completed by Labor day. At that time the next phase begins; turning an empty building into a museum. Donation of funds, collections, displays, accessories, original parts, tools and anything that tells the story of the Model A will be needed.

Additional info is available at the MAFFI web site (Maffi.org).

## OOPS

Last month I reported that Carole Weideman celebrated her wedding anniversary with Bob. Actually she celebrated it with her husband, Fred.

Some people had May Anniversaries but they were not reported. So, why not celebrate again this month.

## COMING EVENTS

### Boy Scout Youth Day

Saturday, June 2

by John Emanuelli

The Boy Scouts Expo 2012 has invited the Santa Anita A's to display cars for the public to view at their event. The cars have been selected according to body style with a maximum of 10 cars. This is a public event and all of our members are welcome to attend. A parking fee of \$5 dollars will be charged. You may choose to bring a picnic basket or purchase food from vendors inside. The event will be held in the North Parking lot of the Santa Anita Race Track. It opens at 10 AM and runs to 3 PM. The cars we selected for viewing will need to arrive at 8:30 AM.

### Antique Nationals

Sunday, June 3

This is the 42nd Annual Antique National Drag race and car show. It will be held this year at Irwindale drag strip, 500 Speedway Drive, Irwindale, CA. The racing events are open to cars 1954 and earlier. The car show is open to cars 1974 and earlier. There are race classes for Model A's; come and cheer them on. Gates open at 8:00 AM. General admission is \$25 for adults. For more info contact Dan at 626-827-4004.

### Heritage Square Museum Tour

Sunday, June 9

by Bob Moore

Our Cub has been invited once again to participate in the Heritage Square Museum's Vintage Automobile and Classic Car Show. Heritage Square Museum includes eight historic structures constructed during the Victorian Era that have been saved from demolition.

Participants are asked to remain for the entire event. (10:30 AM – 4:00 PM). Bring food and beverages, hat, umbrellas, and wear plenty of sunscreen. Period costumes are also welcome. At least three of the historical homes will be open for visitors and participants to enjoy. Please confirm with Bob Moore (626-358-2027) if you intend to participate. Meet at Ralph's parking lot at Huntington & Michilinda for a 9:40 AM departure.

### Henry Ford Picnic

Sunday, June 24

The Diamond Tread Chapter is again sponsoring their annual "Henry Ford Picnic" at Heritage Park in Santa Fe Springs. The event includes a judged car show, games, door prizes, raffle and the various park's amenities. The cost is \$10.00 per person, which includes a catered BBQ lunch and reserved parking for our Model A's.

If you plan on attending, write a check made out to Diamond Tread Chapter, Inc. and mail it to Diamond Tread Chapter, PO Box 4563, Downey, CA 90241, no later than June 15. Include your name, Chapter affiliation, number of attendees and the Type/Make/Year of your car.

### South Pasadena Parade

Wednesday, July 4

by Marlin Perry

The South Pasadena Independence Day parade falls on July 4<sup>th</sup> this year and we are participating again with fun, food and fanfare.

We start out with an 8:30 AM gathering at Vicky Bartlett's, 1625 Fletcher South Pasadena for coffee and donuts. We will depart at 9:45 AM sharp for the parade staging area.

Bring decorations for your car. Balloons are great since this is called "The Festival of Balloons". You will have time to decorate cars at the staging area.

We need cars to carry dignitaries in the parade. Please consider this and volunteer. Dignitaries will be assigned to the designated cars. Parade will start at 1100 AM.

**Please bring a short write-up about your car for the parade announcer.**

After the parade head to Marlin and Elaine Perry's home, 5528 N. Lenore Ave., Arcadia for lunch. The club will furnish food, drinks and such. Such a deal!. Please sign up or call Marlin at 626 443-0638. We want to have enough food and refreshments for everyone.

### Wings and Wheels - Santa Ynez, CA

July 12-15

by Bob Moore

If sharing good times with other antique and classic car buffs while touring the Santa Ynez Valley is your idea of a great weekend, then Wings 'n Wheels is for you. The "Wings" part is provided by pilots of classic and antique aircraft, many of whom provide rides to the earth-bound folks. The event was started sometime before 1974 by antique car enthusiast Leo Gay, head of the Horseless Carriage Club, which staged events with the Vintage Aeroplane Club Association. Over the years Wings 'n Wheels has grown to attract dozens of car and airplane aficionados who cruise the back roads of the Santa Ynez Valley and enjoy the sights and opportunities offered.

Here's the schedule:

Friday – Pick up your registration package

Saturday – Meet at the Experimental Aircraft Association hangar. Find your pilot and begin the tour of the Santa Ynez Valley. There will be Coffee and Danish on the way before the picnic lunch. After lunch, some pilots will take passengers up for airplane rides. Then, a BBQ supper is planned for the evening. BYOB!

## COMING EVENTS - CONTINUED

Sunday – Breakfast at the airport and more flying. Depart for home.

Now's the time to make your reservations. We will be meeting the San Fernando Valley Club along the route for the drive to Solvang. Several members of the Santa Anita A's are leaving on Thursday, July 12 to spend an additional day in this beautiful area as well as take in a play Thursday evening at an open air theatre. However leaving on Friday will provide the full benefits of the Wings and Wheels event. There are many hotels in the area but those who have already made reservations are staying at the King Frederick Inn located in downtown Solvang. Phone number is 800-549-9955.

Getting there will involve freeway driving on the 210, 118 as well as Route 101. Speed will be about 55 mph.

Bob Moore has the information and registration forms with a list of 25 motels in the area. Call or email him if you would like to receive the information package. (626-358-2027 or [bobmoore1@aol.com](mailto:bobmoore1@aol.com)). The cost is \$75 per person.

### Ladies' Day 2012

Saturday, April 14 by Sheri Johnson

It turned out to be bright, sunny and warm....a great day for Ladies' Day 2012 which was held this year at Almansor Court in Alhambra. The 26 ladies were treated to a delicious buffet luncheon including an entire table dedicated to a variety of delectable

desserts!

After lunch the ladies were instructed how to play "Pokeno", a spinoff of Bingo, using playing cards instead of numbers. Ten games were played with some nice gift cards as prizes. Winners were: Olive Moore (2), Nancy Sharpe (2), Vicky Balmot, Jackie Gross, Rosemarie Gross, Karen Blaylock, Patty Lutz, and MaryAnn Sepulveda.

It was a great day and everyone had a terrific time. I would like to thank all the ladies who attended and a special BIG thank you to Carol Emanuelli and Sally Baquet for all their help.

Attendees were:

Vicky Balmot, Sally Baquet and her daughter Adele, Vicky Bartlett, Karen Blaylock, Paulette Bruns, Toni Caswell, Sue Chandler, Carol Emanuelli, Gracie Fant, Bea Fruchter, Jackie Gross and her two daughters-in-law, Heidi Gross and Rosemarie Gross, Helen Johnson, Sheri Johnson, Beverly Kniest, Patty Lutz, Judi Moore, Olive Moore, Elaine Perry, Tracy Perry Butkus, MaryAnn Sepulveda, Nancy Sharpe, Martha Utter, and Joy Wilson.

### Sand Storm, Wind Storm, Rain, Snow & Sleet and a perfectly organized Regional Meet

March 29 - April 1 - **Part Two of Two** - by Bob Moore

*Last month's Spoken Wheels contained Part 1 of this 2 part story. The saga continues with the Friday evening events.*

Friday evening saw us off to the Elks Club for a BBQ dinner. A line of hungry "A" owners was out the door when we arrived. What looked like a long wait turned out to be a most efficient service. Two rows of servers kept the line moving at an incredible pace. I must say it was indicative of the organization of the entire weekend. The Bakersfield Chapter had every duck in a row. The Jamboree was the most organized and well run Model A event I have ever attended.

Saturday morning's schedule included driving car games and games of skill. A teeter-totter for the Model A which tested your ability to get the car balanced. Next was stop on a dime which tested your ability to know where your car's bumper was relative to a dime on the ground. Then a game of skill with the

## PAST EVENTS - CONTINUED

passengers tossing toilet paper rolls into buckets. We then moved to the lawn games where the skills involved tossing fan belts, lug nuts, and un-screwing spark plugs. Finally a buggy push where the steering was reversed.

Late on Saturday, the weather turned. The wind came up and the drive to the farewell banquet was through a genuine dust storm.

After a superbly organized dinner service, award presentations and a raffle drawing, it was windy, cold and raining for the drive back to the hotel.

Sunday morning was cold and overcast. Several cars were ready before the scheduled departure time and I asked Bob Travis to lead them. We departed shortly afterward with 8 cars and only traveled 1/2 mile before my car stopped. Fortunately there were many helping hands including Joe

Wilson and Tom Endy from the Orange County Club. Tom and Joe are whizzes at diagnosing problems. Between Joe and Tom, I had a new coil, voltage reducer and distributor and I was back on the road.

On the way to Tehachapi, it started to rain and by the time we arrived, there were a few snow flurries. After lunch, it started to sleet and snow as we headed out of town. However, after we had gone no more than 6 or 7 miles we had a bright sunny but very windy day.

After leaving Palmdale and heading up Angeles Forest Highway, Ken Mallory's car decided it didn't like something. Tom Endy to the rescue (Joe and Joy Wilson had gone ahead to retrieve their dogs). Tom, a member of the Orange County Club and an expert in Model A's, checked several things and eventually - success.

Everyone left except the Fruchters and the Moores. Mickey's car wouldn't start. A radio call had the group on its way back and Tom quickly diagnosed the problem; a short in Mickey's distributor which he corrected.

The San Fernando contingent, the Emanuellis and the Tom Johnsons had decided to travel over the Grapevine. John and Tom reported that they hit a short snow storm. John thinks that Rainex attracts snow.

The Emanuellis and the Johnsons arrived home about 11:30 AM on Sunday. It was a longer day for us and the members of our group. Judi and I arrived home at 6:30 PM.

It was good to have the six couples from the San Fernando Club join us. Three of the six couples are members of our club. It is always fun to meet new people who are interested and enthusiastic about Model A's. They have invited our club to join them for Wings and Wheels. It will be fun.

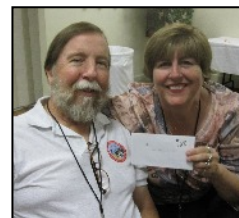

And a special thanks to Tom Endy and Lynn from the Orange County Club for joining with us for the tour up and back. They are an enjoyable couple and fun to travel with. And, the added bonus is Tom's extreme knowledge of the Model A which saved the day for three of us.

*Some of us had ice cream before dinner*

*Here are some of the raffle winners*

### Printing Museum Tour

Saturday, April 21

by Joe Wilson

You guys with computers in your pocket have it pretty easy nowadays. You don't have to go back very far in time to see how time consuming and difficult it was to prepare and print even a single page of a newspaper.

Our visit to the International Printing museum in Carson was a real adventure into the past. It is one of the world's most significant collection of antique printing machinery and the volunteers interpreted it for us through working demonstrations and a theater presentation.

They have a model of the Gutenberg printing press along with samples of various presses dating back to the Ben Franklin days. Fortunately, and to our surprise, Mr. Franklin was on hand that day to give us a very professional one-hour presentation on the history of his life. We were also surprised to see our fellow SAA member Jack Conway there serving as a museum docent.

Following the museum tour, we made a one mile drive to the Alpine Village where we had an excellent German style lunch.

We only saw one portion of the multi-building museum. I would recommend that everyone include this in their list of "Things to do in LA".

### Mount Baldy Tour

Thursday, May 3

by Joe Wilson

Is it a car show, a spiritual moment, a mountain driving experience, a food outing, an ice cream stop, a garage tour, or all of the above. The "Almost Annual Mt. Baldy Tour" has become a popular club event. Fifty two people turned out on a beautiful spring day to participate in this year's tour.

We started out with a mini car show at the Royal Oaks Manor in Bradbury where we were served coffee and doughnuts and had our cars blessed

before attempting the mountain drive. All cars, some with hesitation, made it to the Mt. Baldy Village where we enjoyed a wonderful buffet. Janice Moist, Program Director at Royal Oaks Manor joined us on the tour.

After lunch we took the back road down to Upland where we found the Ice Cream Man at the home of Olive and Art Moore and inspected the cars in their fantastic garage.

### Monrovia Old Home Tour

Sunday, May 13

by Joe Wilson

If you like old homes, old cars, old people and mothers - - this was the tour for you. Yes, it was Mother's Day and the Monrovia Old Home tour provided an excellent venue for the day with lunch to follow.

The tour is sponsored by the Monrovia Historical Group. Old car clubs are invited to participate in the home tour; and for the effort we get free entrance and preferred parking at the show homes.

We all met at Robb Stewart's home for coffee and donuts, then the cars took a local tour around town before proceeding to visit the six homes included in the tour. All of the homes were very well done.

*Participating in the tour were: Mickey & Bea Fruchter, David & Patty Lutz, Harry Mycroft, Randy Harper & his parents, Jim Constantian and Joe & Joy Wilson.*

## MARLIN'S MUSINGS

By Marlin Perry

### SEMINAR NEWS

#### Two for the Price of One

This month found John Emanuelli, Gene Reinhardt, Chuck Sharpe, Dick Homet, Louie Formia, Bob Moore, Marlin Perry, the technical advisor Bob Travis, spectator Ken Mallory and Mickey Fruchter for a Low End Boys meeting at Bob Moore's for a work out installing not one, but two engines in two Model A's. Some people want more than others, just ask Bob Moore.

Everything seemed to go OK but the bell housing sections did not match up right. Someone had machined one side leaving a gap all the way around. We also forgot to put in a new throw out bearing. The next morning Tom Johnson came over to Bob's house and recommended we replace the housing. Some of us went to work, replaced the housing and put in a new throw out bearing. We fought the engine hook up, stopped, went to lunch and when we came back everything fell into place.

The technical director thought we were 8 hours in the red, but we told him for the Low End Boys we were ahead of the game; two engines in one day. Not a technical situation, but a Low End Boys day.

We are still waiting on Jim Gordon at Antique Ford to get bearings in for Vicky Bartlett's transmission, and then we will finish up her transmission job. Gene is working on rims for Vicky's car. We also have two more jobs coming up. For now the Low End Boys are moving on.

#### Low End Boys

Gene Reinhardt, Dick Homet, Louie Formia, Mel Gross, Ted Bruns, John Emanuelli, Mickey Fruchter and Marlin Perry

We will travel with a group of up to 50 cars on our way to Michigan. After the meet we will be returning home by ourselves.

Our club has a very busy year in the planning with tours and seminars (see the calendar section). Hopefully, there will be something for everybody; and if you have ideas for tours or meetings, please feel free to contact any Board member or me with your suggestions, ideas and or criticisms.

We have always tried to encourage personal family news in the Spoken Wheels, like: Our son-in-law, Scott Bonner (who is a SAA's member) just received his Juris Doctorate at his graduation from University of LaVerne School of Law. Congratulations!

Happy Summertime,  
Mickey

## Be Prepared When You Tour

Recently a group of club members made a tour to Bakersfield to attend the CCRG Jamboree, On the return trip one of the cars experienced a flat tire. The owner discovered that he did not have a lug wrench (Crank) and that his aftermarket hydraulic jack did not work (out of fluid). Furthermore, of the six remaining cars in the group, three did not carry jacks and only one of three that had jacks worked!

The following list of tools and supplies is a good checklist for preparing your car for touring. Once you have prepared your car for touring, you will feel more comfortable knowing that, if a problem does occur, you have the tools and parts to fix it. Most important, you should "tailor" your list to fit your car, especially if you have made modifications. Delete those items that are not applicable and add those that are appropriate for your modifications.

### Tools

- Jack and handle
- Starting crank
- Tire pump
- Ball Peen Hammer
- Socket wrench set (5/16" - 7/8")
- Adjustable wrench (Medium size )
- Box wrench 1/2" x 9/16" (for battery)
- Box wrench 5/8" x 7/8" (for alternator)
- Screw drivers (small, medium and large)
- Pliers (regular and needle nose)
- Wire cutter/ crimper/stripper
- Ignition tools (feeler gauge, file)
- Flashlight
- Tube patch kit
- Electrical circuit tester (multi meter)
- Distributor shaft wrench
- Tire irons (two)
- Knife (Scout / Swiss Army type)
- Scissors (for gasket making)
- Emergency flares or flashers
- Drift punch - 5/8" diameter, brass
- Drift punch - steel
- File

### Parts

- High tension coil wire
- Fan belt (proper size)
- Ignition switch
- Ignition points
- Condenser
- Ammeter
- Ignition cable
- Radiator hose set
- Generator cutout
- Timing gear
- Stop light switch
- Starter switch
- Starter drive (Bendix)
- Coil
- Fuel line fittings
- Head Gasket
- Clutch shaft release lever with pin
- Manifold gaskets (intake and exhaust)
- Gas Cap
- Lug nuts

### Supplies

- Copper wire, insulated, #12, 10'
- Jumper wire with connector clips
- Bailing wire , 10'
- Heavy string
- Electrical tape
- Duct tape
- Assorted nuts, bolts, washers and cotter pins, etc
- Gasket sealing compound (RTV)
- Gasket material (12' square)
- Fuel valve packing
- Spring assortment, various sizes
- Rags
- Carburetor gasket
- Sand paper (fine)
- Soap and talcum (for tire changing)
- Wood block (2" x 4" x 6")
- Wheel bearing grease
- Fuses
- Water (1 gallon)
- Hand cleaner
- MAFCA and club roster
- Copy of electrical wiring diagram (vehicle specific)

## **NEXT MEETING - No Meeting in May ARCADIA RED CROSS HEADQUARTERS**

### **Important Things to Do and Remember:**

- 1. Please do not come to the General meeting on Friday May 25** because there isn't one. It is a tradition that every May there is no May meeting.
2. Those of you who have still not responded to the request that you confirm that the data in last year's roster is correct - please Contact Joe Wilson ASAP.
3. The Ladies' day (2012-2013) tour to see Cirque du Soleil is scheduled for October, but your paid reservation must be in by May 3, 2012.
