## PRESIDENT'S MESSAGE

Hello all, we have just finished up our monthly meeting and May went out with a bang!

We started with our Men's Breakfast or Mt. Baldy and Ice Cream Social Tour depending on which you wanted to do. Our ladies did their brunch. And

**Dino Falabrino**

next up was another Men's Breakfast and later in the month was our Transmission Seminar at Chris Wickersham's garage. What a great turnout we had. We even had members from several different clubs join us because of knowing what a quality event it would be.

Shifting gears (no pun intended) we had a great speaker at the May general meeting. Dr. Paul Asimow, a noted Cal Tech professor of Geology and Geochemistry spoke to us about the reason we have so many earthquakes where we live and how we can be prepared in case a major quake occurs.

But the meeting was more than that. We again had new people visiting us and joining our club. MAFCA president, Ed Tolman, shared some information from headquarters and offered any new member a free year's subscription to the Restorer. Also from the Palomar Model A Club, David "Grease Monkey" Frazee was there promoting a SCRG event. (See page 7 for more details).

We had 17 Model A's, a Bronco, MG and T-Bird in the parking lot. Follow our Facebook page for photos if you missed it.

Now on to June. We need your help in making our 50<sup>th</sup> Year Gala successful. It will be the biggest event of the year. Please consider joining your club members at The Shakespeare Club for a great meal and a great time. Details are in the newsletter or call Janet Beggs and say I'm in!

As always, Dino Falabrino

## MANEUVERING OUR 50TH

As we enjoy our 50<sup>th</sup> anniversary as a club, we are showing historic club slide shows during our monthly meetings. If you have relevant pictures, videos, audios, etc. please contact Scott Doudrick at 626-437-0947 or email to [1939mars@gmail.com](mailto:1939mars@gmail.com)

Depending on what kind of response he gets he will put together some interesting programs.

## FASHION 1928 - 1931

Maybe a little gold bling for the golden anniversary? Mixed in with a diamond or pearl of course!

## BLOSSOM TRAIL A'S

Reedley, CA has a Model A club with a lot of heart. A representative from the Blossom Trail Model A Club contacted us wanting to help one of our people affected by the fire. They were told of Scott Doudrick losing his home, his Grandfather's Model A he was restoring and a family 38 Ford Pickup that was badly singed. In hearing that Scott had also started a new career of repairing Model A's just prior to the fire, the choice of helping him in some way became a priority. They had some meetings, discussions, phone and email communication and sent the donation to us.

At our May monthly meeting Scott was presented with a check for \$250 to help in his life rebuilding efforts. Thank you Blossom Trail A's

## MONROVIA HOME TOUR

While many SAA Club members signed up and showed up at the start of the tour on the back road through Monrovia's wilderness and home tour that followed, only five members ventured into the wilderness. Four were in Model A's and one rode in the back seat of a 1914 Model T. The Model T belonged to Michael and Janene Khanchalian, who have organized the wilderness experience for many years.

It was overcast with light rain and a slippery road. Bob Moore and Austin Janisch were in Bob's slant window A. Austin took the opportunity to join Bob when he learned of the muddy roads. His Model A was spotless. Jim Kroeger was there to check out road conditions, but remembered the problems he had last year removing the mud from his car and opted to sit this one out. Warwick Nethercoat drove his open top roadster dodging raindrops the best he could. Justin and Brianna Miller with their two sons drove the Model A Cabriolet they inherited from Ken Mallory. Justin drove like he'd been driving it for years instead of months. Paul Cella found a spot in the back seat of the Model T rather than taking his immaculate 36 Ford Woody that he drove.

On the trip into the wilderness they had Monrovia Park employees driving four-wheel off-road vehicles in front and behind the caravans of Model A's and the Model T. Their job was to get the cars out in case of problems. They surprised hikers along the road as well as some local wildlife.

## NEW MEMBERS

Meet new members Ronald and Linda Larson. They live in Sierra Madre and have a 1931 Cabriolet that they are restoring. It currently isn't running but on page 9 he has a list of parts he's looking for to complete the project. Phone 626-390-6133

They were members back in 1976 when Bob Ricewasser was president.

## NEW MEMBERS

Meet David and Nga Rios from Monrovia, CA. They have a 1929 Briggs Town Sedan Model A and have just joined the club.

## ANNUAL MT BALDY TOUR

The Annual Mt Baldy Tour and Ice Cream Social was another big hit this year. There were 20 Model A's, including 3 from the Diamond Tread Chapter. It started at the Royal Oaks with coffee and donuts.

The Tom Endy transmission seminar was a big success. 32 men from 4 different clubs attended. There were 6 different vintage cars and lots of moderns. Chris Wickersham excellently narrated Tom's slide show presentation and added his expertise along while showing the supplied parts from Tom. Someone else brought a cut-away transmission. These club seminars are not to be missed. More coming in the future.

## SPONSOR SPOTLIGHT

# "KOOL - FEET"

Kool Feet is an insulated muffler shield that decreases heat reduction by 77 degrees.

The original one took over a year to design and finalize. It was used in NASCAR sandwiched between 21 gauge galvanized metal. Brackets are 1/8<sup>th</sup> inch zinc plated steel. Muffler clamps have a knurled nut so as to keep the nut from loosening.

The shield is heavy duty construction and installs in 11 minutes. Installation is between the floorboard and sits above the muffler so air can draw the heat out the rear.

It installs on right or left hand drives, 5 speeds, float a motor mounts and adjusts for clearance under the brake cross shaft if it's in the factory position. The rear tailpipe bracket must be in the original position on the car.

Made in the good old USA and the price has never been raised. \$79.95 and you pay shipping.

Les Andrew's wife ordered one for his personal car and others have before those hot summer trips.
